

# CONSERVATION COACHES NETWORK

**Coaches Training Workshop**  
**31 March - 5 April 2019, Vålådalen, Sweden**

## AGENDA

### Objectives

The fundamental objective of the workshop is to launch new conservation coaches who are responsible for facilitating and supporting conservation teams in the practice of an adaptive management framework designed to develop effective conservation strategies and measures and who will commit to sharing their experiences and knowledge across a larger community of conservation practitioners.

- Provide in-depth orientation on the fundamentals of supporting and coaching the practice of the Open Standards for Conservation Practice
- Provide insights, tips and overview of the support available for the process of facilitating and organizing both individual team and multi-team workshops.
- Review CCNet (including partner) support and training materials (e.g. PowerPoint presentations; guidelines for sponsors/coordinators/facilitators; “tools”; website, etc.)
- Practice coaching and facilitating some of the newer elements available to support the Open Standards approach
- Meet coaches from other parts of CCNet and share experiences of what has worked in different types of processes.
- Identify areas of the practice for which new coaches would like additional support and training.

Sunday 31 March 2019	
1200+	ARRIVALS, CHECK-IN, GETTING SETTLED
1800	DINNER
After dinner	Introduction to Conservation Coaches Network

Monday 1 April 2019	
0730	BREAKFAST
