

CCNET 2021 Rally - Canada, October 18-21, 2021

Session Topics

Based on evaluation of the pre-rally survey results (indicating interests and offers to contribute) and deliberation with the rally program planning team, the following sessions will be offered at the Rally. Changes are possible. If you have something specific to contribute to one of these sessions, contact Cristina Lasch (clasch@tnc.org) and we can see if you can collaborate in a session or maybe at the Innovations and Tools Market. A more detailed session list and updated Rally information will be posted [here](#) in February 2021.

TRACK 1: Conservation Standards Cycle

1. Monitoring and Evaluation
2. Adaptive Management (OS Steps 3-5)
